

Wifi & BT Audio Amplifier

Drawing CODE: A30+-AMP

Product CODE: ISH-A30+-AMP

BRAND: Link

Product description:

The A30+ is a compact Class-D wireless stereo audio amplifier designed to transform conventional speaker systems into wireless multiroom audio solutions. Equipped with 2.4GHz Wi-Fi and Bluetooth 5.0 connectivity, it enables seamless music streaming from mobile devices, PCs, NAS storage, and online music services. Supporting synchronized multiroom playback or independent audio streaming in different rooms, the A30+ combines high-quality audio performance, flexible connectivity, and intuitive control through the 4STREAM mobile application.

Features:

Feature	Description
Wireless Streaming	Supports 2.4GHz Wi-Fi and Bluetooth 5.0 connectivity
Multiroom Audio	Enables synchronized music playback across multiple rooms or different audio streams in separate rooms
High-Quality Amplification	Class-D stereo amplifier with 35W + 35W output power
Streaming Protocol Support	Supports AirPlay, DLNA, UPnP, Spotify Connect, and Qplay
Online Music Services	Compatible with Spotify, Deezer, Tidal, Amazon Music, Qobuz, Napster, iHeartRadio, Internet Radio, QQ Music, and more
High-Resolution Audio	Supports audio decoding up to 24-bit / 192kHz
Lossless Audio Playback	Compatible with FLAC, MP3, AAC, AAC+, ALAC, APE, and WAV formats
Wired & Wireless Connectivity	Supports Ethernet LAN, Wi-Fi, Bluetooth, USB, and analog audio input
DSP Audio Tuning	Compatible with ACP Workbench software for EQ and audio effect adjustments
Mobile App Control	Managed through the 4STREAM application for Android and iOS devices
Flexible Music Sources	Supports streaming from online services, NAS, USB drives, mobile devices, and auxiliary input
Remote Control Support	Integrated IR receiver for remote operation

Technical Specifications:

Parameter	Specification
Amplifier Type	Class-D Stereo Amplifier
Output Power	35W + 35W
Wireless Connectivity	IEEE 802.11 b/g/n 2.4GHz, Bluetooth 5.0
Streaming Protocols	AirPlay, DLNA, UPnP, Spotify Connect, Qplay
Audio Formats	FLAC, MP3, AAC, AAC+, ALAC, APE, WAV
Audio Decoding	Up to 24-bit / 192kHz
Frequency Response	20Hz – 20kHz
THD+N	0.03% @ 1kHz
Bluetooth Range	10 m
Speaker Impedance	4–8 Ω
Audio Input	3.5 mm Line-In
Audio Output	Analog Audio Output, Speaker Output
USB Host	USB Pen Drive Support
Micro USB	PC Connection as External DAC
Ethernet Port	RJ45 LAN Port
Control Application	4STREAM (iOS & Android)
Power Input	DC 18V / 4A
Dimensions	131.8 × 85.5 × 27 mm
Weight	0.35 kg
