Product description:

The MZ Square Frames series is a premium modular architectural lighting frame system designed for modern residential, commercial, and hospitality interiors. Featuring a sleek square design with multiple configurations, the MZ series offers Single, Double, Triple, and Quadruple frame options, providing flexible solutions for customized lighting layouts.

Manufactured from pure aluminum, each frame ensures excellent heat dissipation, durability, and a refined architectural appearance. Designed for easy installation with integrated wing clips, the modular structure allows LED modules to be replaced or maintained without removing the frame, making it an ideal choice for custom-built homes, retail spaces, hotels, and premium interior projects.
