

PANEL LIGHT ROUND

Drawing CODE: CMFL

Product CODE: ISH-CMFL-36-5K
 BRAND:ARCHLUX

Product description:

The Round LED Panel Light 36W is a high-performance recessed ceiling light designed to provide bright, uniform illumination for residential, commercial, and office environments. Featuring a slim round profile with a premium aluminum frame and backplate, it offers excellent heat dissipation, long-lasting durability, and a clean contemporary appearance.

Operating at 36W, the panel delivers crisp 5000K daylight illumination, making it ideal for offices, classrooms, hospitals, retail stores, kitchens, and other spaces that require clear, comfortable lighting. Its high-efficiency LED technology ensures consistent performance with low energy consumption and a long service life.
