

FACADE LIGHTING NARROW BEAM - UP TO 5m

Drawing CODE: CTH6

Product CODE: ISH-CTH-YD6-3K

BRAND:ARCHLUX

Product description:

The Mini Ceiling Mounted Downlight is a premium architectural LED fixture designed for modern residential, commercial, retail, and hospitality interiors. Featuring a compact cylindrical design with elegant Matt White or Matt Black finishes, it provides a clean and sophisticated appearance while delivering precise architectural illumination.

Constructed from high-quality aluminum, the fixture offers excellent heat dissipation, durability, and long-lasting performance. Its 20° focused beam angle produces controlled accent lighting, while the integrated LED delivers warm white 3000K illumination for comfortable and visually appealing environments. Ideal for highlighting architectural features, artwork, display areas, and decorative interiors.

Technical Specifications:

Parameter	Specification
Product Type	Mini Architectural LED Spotlight
Power Consumption	6W
LED Source	USA CREE LED Chip
LED Quantity	6 High-Performance LEDs
Input Voltage	AC 220V
Color Temperature	3000K Warm White
Beam Angle Options	5° / 10°
Material	Die-Cast Aluminum
Protection Rating	IP67 Waterproof
Fixture Size	Ø110 × H72 mm
Installation Type	Outdoor Surface Mounted
Performance	High Efficiency, Precise Beam Control, Energy Efficient
Application	Landscape Lighting, Gardens, Façades, Pathways, Outdoor Accent Lighting & Architectural Projects
