

FACADE WALL WASHER NARROW BEAM - UP TO 5m

Drawing CODE: WW

Product CODE: ISH-CXH-ZS24-II-3000K

BRAND:ARCHLUX

Product description:

The Façade Wall Washer Narrow Beam – Up to 5m is a premium linear architectural lighting fixture designed for precise exterior illumination and façade highlighting. Powered by 24 high-performance USA CREE LEDs, this 24W fixture delivers bright, uniform illumination with excellent color consistency and reliable long-term performance.

Featuring a precise 10° narrow beam angle, it produces a focused wall-grazing effect that enhances architectural textures, building façades, landscapes, and structural features up to 5 meters in height. The robust die-cast aluminum housing provides excellent durability and thermal management, while the IP67 waterproof rating ensures dependable operation in demanding outdoor environments.

Technical Specifications:

Parameter	Specification
Product Type	Façade Wall Washer Light
Power Consumption	24W
Input Voltage	AC 220V
LED Source	USA CREE LED
LED Quantity	24 High-Brightness LEDs
Color Temperature (CCT)	3000K Warm White
Beam Angle	10° Narrow Beam
Lighting Effect	Focused Wall Washing – Up to 5m
Material	Die-Cast Aluminum
Protection Rating	IP67 Waterproof
Dimensions	1000 × 45 × 114 mm
Installation Type	Outdoor Surface Mounted
Performance	High Brightness, Uniform Distribution, Precise Beam Control
Application	Building Façades, Architectural Structures, Landscapes, Gardens & Outdoor Feature Lighting
