

WATER DROP WALL LIGHT

Drawing CODE: GL18201

Product CODE: ISH-ESPL-GL18201

BRAND:ARCHLUX

Product description:

The Water Drop Wall Light is a premium outdoor GU10 wall light designed for residential, commercial, and hospitality exterior lighting applications. Featuring a modern architectural design with a distinctive water-drop-inspired profile, this wall-mounted fixture adds a refined decorative element to building exteriors while providing flexible lighting options.

Constructed from durable die-cast aluminum and tempered glass, it offers excellent structural strength and reliable outdoor performance. The integrated GU10 lamp holder allows users to select their preferred GU10 LED bulb, color temperature, and brightness according to specific lighting requirements.

With an IP44 weather-resistant rating, the fixture provides protection against dust and water splashes, making it suitable for covered and semi-exposed outdoor areas. The elegant black finish complements modern façades, entrances, patios, pathways, gardens, and hospitality environments.

Technical Specifications:
