

LED DOWNLIGHT - 10W - ANTIGLARE

Drawing CODE: GL10

Product CODE: ISH-GL-10W-3000K

BRAND:ARCHLUX

Product description:

The LED Downlight Anti-Glare 10W is a premium recessed architectural LED downlight designed to provide smooth, glare-controlled illumination for modern residential, hospitality, retail, and commercial interiors. Featuring an anti-glare optical design with a White frame and Black inner reflector, it enhances visual comfort while maintaining a clean and contemporary architectural appearance.

Powered by a high-quality Epistar LED chip, the fixture delivers warm white 3000K illumination with a wide 60° beam angle, providing uniform light distribution for general and ambient lighting applications. Its recessed installation and durable aluminum construction ensure reliable performance, efficient heat dissipation, and long service life.

Technical Specifications:

Parameter	Specification
Product Type	LED Anti-Glare Downlight
LED Source	Epistar LED Chip
Power Consumption	10W
Input Voltage	AC220–240V, 50/60Hz
Color Temperature	3000K Warm White
Luminous Flux	900 lm
Beam Angle	60°
Frame Finish	White
Inner Reflector	Black
Material	Aluminum
Cut-Out Size	Ø70 mm
Installation Type	Recessed
Protection Rating	IP20
Application	Residential, Hospitality, Retail, Offices & Architectural Interior Lighting
