

GARDEN/WALL FLOODING LIGHT

Drawing CODE: gl16102

Product CODE: ISH-GL16102

BRAND:ARCHLUX

Product description:

The Garden / Wall Flooding Light is a premium outdoor LED floodlight designed to provide powerful and uniform illumination for gardens, façades, walls, pathways, and architectural structures. With a 12W high-efficiency LED source delivering 1200 lumens, it provides bright and consistent lighting while maintaining efficient energy consumption.

Constructed with a durable die-cast aluminum body and a high-transparency PC optical diffuser, the fixture provides excellent heat dissipation, durability, and smooth light distribution. Its IP65 weatherproof rating ensures reliable performance against dust and water exposure, making it suitable for long-term outdoor landscape and architectural installations.

Technical Specifications:

Parameter	Specification
Product Type	Garden / Wall Flooding Light
Power Consumption	12W
Luminous Flux	1200 lm
Color Temperature (CCT)	3000K Warm White
Protection Rating	IP65
Material	Die-Cast Aluminum + PC Diffuser
Diffuser Type	High-Transparency Optical PC Lens
Fixture Size	150 × 160 mm
Certification	ERP Energy Efficiency Certified
Installation Type	Wall / Garden Surface Mounted
Performance	High Efficiency, Uniform Light Distribution, Outdoor Durable
Application	Wall Washing, Garden Lighting, Façade Illumination, Landscape Accent Lighting & Outdoor Architectural Projects
