Product CODE: ISH-GLM-TD-110-20W

BRAND:ARCHLUX

Product description:

The Antiglare General Light 20W is a premium recessed LED downlight designed for modern residential, commercial, hospitality, and retail interiors. Featuring a deep anti-glare optical design, it delivers comfortable, low-glare illumination while maintaining excellent lighting performance for general and architectural applications.

Powered by a high-performance German OSRAM LED chip and a reliable LIFUD LED driver, the fixture provides stable, energy-efficient operation with a 3500K neutral white color temperature, creating a balanced and comfortable lighting environment. Its durable aluminum housing ensures excellent heat dissipation and long-lasting reliability, making it ideal for offices, hotels, shopping areas, corridors, and contemporary interior spaces.
