

CEILING MOUNTED ADJUSTABLE ROUND

Drawing CODE: LB

Product CODE: ISH-H-LB403S-B/W

BRAND:ARCHLUX

Product description:

The Ceiling Mounted Adjustable Round Downlight 9W is a premium surface-mounted architectural LED spotlight designed for precise and flexible accent lighting in modern residential, hospitality, retail, and commercial interiors. Its elegant round design and adjustable head allow the light to be directed exactly where needed, making it ideal for highlighting artwork, display areas, feature walls, and architectural elements.

Powered by a high-performance USA CREE LED chip, the fixture delivers warm white 3000K illumination with a 38° beam angle, providing balanced and comfortable lighting with excellent energy efficiency. Constructed from a durable aluminum body, it offers superior heat dissipation, reliable performance, and long service life while maintaining a clean architectural appearance.

Technical Specifications:

Parameter	Specification
Product Type	Ceiling Mounted Adjustable Round LED Downlight
LED Source	USA CREE LED Chip
Power Consumption	9W
Input Voltage	AC200–240V
Color Temperature	3000K Warm White
Luminous Efficiency	90 lm/W
Beam Angle	38°
Material	Aluminum
Fixture Size	Ø75 × 140 mm
Adjustment	Adjustable Head
Installation Type	Ceiling Mounted
Protection Rating	IP20
Application	Residential, Retail, Hospitality, Galleries & Architectural Accent Lighting
