

CEILING MOUNTED LASER BLADE 12W

Drawing CODE: H-ML

Product CODE: ISH-H-ML12-WB

BRAND:ARCHLUX

Product description:

The Ceiling Mounted Laser Blade 12W is a premium architectural LED designed for modern surface-mounted lighting applications. Its sleek blade-style design delivers precise, glare-controlled illumination, making it ideal for residential, hospitality, retail, galleries, and commercial interiors where elegant accent lighting is required.

Powered by a high-performance German OSRAM LED chip and a reliable Lifud driver, the fixture delivers warm white 3000K illumination with excellent efficiency and consistent performance. Featuring a 24° beam angle, it provides focused and comfortable lighting for highlighting architectural features and display areas. Available in White and Black finishes, the Ceiling Mounted Laser Blade complements a wide range of contemporary interior designs.
