

COB LED Strip 3000K INDOOR USE

Drawing CODE: SFCOB

Product CODE: ISH-KITSFCOBIP20-5m

BRAND:ARCHLUX

Product description:

The COB LED Strip 24V IP20 is a premium continuous LED strip designed for smooth, dot-free illumination in modern residential, commercial, retail, and hospitality interiors. Utilizing advanced COB (Chip-on-Board) technology with 480 LEDs per meter, it delivers uniform, high-quality lighting with excellent CRI 90 for accurate color rendering and enhanced visual comfort.

Operating on 24V DC, the strip provides 3000K warm white illumination with a 180° wide beam angle, making it ideal for cove lighting, under-cabinet lighting, display shelving, architectural details, and decorative interior applications. With an IP20 rating, it is intended for indoor use and is supplied in a 5-meter roll for easy installation.

Technical Specifications:

Parameter	Specification
Product Type	COB LED Strip
LED Technology	COB (Chip-on-Board)
Input Voltage	24V DC
Power Consumption	12W/m
Color Temperature	3000K Warm White
Luminous Flux	1000 lm/m
Color Rendering Index (CRI)	90
Beam Angle	180°
LED Density	480 LEDs/m
Protection Rating	IP20
Roll Length	5 m
Installation Type	Surface Mounted / Recessed LED Strip Installation
Application	Residential, Commercial, Hospitality, Retail, Cove Lighting & Architectural Interior Lighting
