

COB LED Strip 3000K INDOOR/OUTDOOR USE

Drawing CODE: SFCOB

Product CODE: ISH-KITSFCOBIP67-5m

BRAND:ARCHLUX

Product description:

The COB LED Strip 3000K Indoor – 5m Roll is a premium continuous LED strip designed to deliver seamless, dot-free illumination for modern residential, commercial, retail, and hospitality interiors. Utilizing advanced COB (Chip-on-Board) technology with 480 LEDs per meter, it produces smooth, uniform lighting with excellent CRI ≥ 90 , ensuring accurate color rendering and superior visual comfort.

Operating on 24V DC, the strip delivers warm white 3000K illumination with an energy-efficient 10W/m output. Its slim 10 mm flexible design allows easy installation in coves, shelves, cabinets, and architectural details. Supplied as a 5-meter roll with cables on both ends, it is ideal for premium indoor/outdoor architectural and decorative lighting applications.

Technical Specifications:

Parameter	Specification
Product Type	COB LED Strip
LED Technology	COB (Chip-on-Board)
Input Voltage	24V DC
Power Consumption	10W/m
Color Temperature	3000K Warm White
Color Rendering Index (CRI)	≥ 90
LED Density	480 LEDs/m
Strip Width	10 mm
Protection Rating	IP20 (Indoor Use)
Roll Length	5 m
Cable Configuration	Cables on Both Ends
Installation Type	Surface Mounted / Recessed LED Strip Installation
Application	Architectural, Interior, Cove, Decorative, Linear & Accent Lighting
