

COB LED Strip 3000K INDOOR/OUTDOOR USE

Drawing CODE: SFCOB

Product CODE: ISH-KITSFCOBIP68-5m

BRAND:ARCHLUX

Product description:

The COB LED Strip 3000K Indoor/Outdoor – 5m Roll is a premium continuous LED strip engineered for seamless, dot-free illumination in both indoor and outdoor architectural lighting applications. Utilizing advanced COB (Chip-on-Board) technology with 480 LEDs per meter, it delivers smooth, uniform lighting with CRI ≥90, ensuring exceptional color accuracy and visual comfort.

Protected by an IP68 silicone-filled waterproof construction, the strip is designed to withstand demanding environments while providing reliable long-term performance. Operating on 24V DC, it delivers warm white 3000K illumination with an energy-efficient 10W/m output. Its slim 10 mm flexible profile and 5-meter roll with cables on both ends make it ideal for architectural, façade, landscape, cove, and decorative lighting projects.

Technical Specifications:

Parameter	Specification
Product Type	COB LED Strip
LED Technology	COB (Chip-on-Board)
Input Voltage	24V DC
Power Consumption	10W/m
Color Temperature	3000K Warm White
Color Rendering Index (CRI)	≥90
LED Density	480 LEDs/m
Strip Width	10 mm
Protection Rating	IP68
Roll Length	5 m
Cable Configuration	Cables on Both Ends
Installation Type	Surface Mounted / Recessed LED Strip Installation
Application	Architectural, Façade, Landscape, Interior, Decorative, Linear & Accent Lighting
