

Trim-less Magnetic Track Profile

Drawing CODE: MTR01

Product CODE: ISH-MTR01-20-QZ

BRAND:ARCHLUX

Product description:

The Trim-less Magnetic Track Profile is a premium recessed aluminium track designed for 48V magnetic lighting systems. Featuring an external trim design and durable matt black finish, it provides a clean, modern architectural appearance while securely housing magnetic track lighting fixtures. Manufactured from high-quality 2.0mm thick aluminium, it offers excellent strength, efficient heat dissipation, and long-lasting performance, making it suitable for residential, commercial, retail, hospitality, and office lighting installations.

Technical Specifications:

Feature	Description
Product Type	Trim-less Magnetic Track Profile (External Trim)
Operating Voltage	48V DC
Material	Aluminium
Finish	Matt Black
Thickness	2.0 mm
Available Lengths	1 meter, 2 meters, and 3 meters
