

Slim Straight Step Light

Drawing CODE: STEP

Product CODE: ISH-STEP-L

BRAND:ARCHLUX

Product description:

The Slim Straight Step Light 3W is a premium recessed LED stair light designed to provide safe, elegant, and energy-efficient illumination for staircases, corridors, hallways, and interior architectural pathways. Its slim linear design delivers subtle accent lighting while enhancing the aesthetics of modern residential, hospitality, and commercial interiors.

Powered by a high-performance CREE LED chip, the fixture produces warm white 3000K illumination with a precise 10° beam angle, creating controlled lighting with minimal glare. Constructed from durable aluminum and finished in Sandy White, it offers excellent heat dissipation, long service life, and a refined architectural appearance.

Technical Specifications:

Parameter	Specification
Product Type	Slim Straight LED Step Light
LED Source	CREE LED Chip
Power Consumption	3W
Input Voltage	AC240V
Color Temperature	3000K Warm White
Beam Angle	10°
Material	Aluminum
Body Finish	Sandy White
Protection Rating	IP20
Fixture Size	185 × 40 mm
Cut-Out Size	175 × 38 × 40 mm
