

LINEAR WALL LIGHT 24W

Drawing CODE: WL-B

Product CODE: ISH-WL100B2

BRAND:ARCHLUX

Product description:

The Linear Wall Light – Indirect is a premium wall-mounted LED fixture designed to deliver soft, indirect illumination for modern architectural interiors. Featuring an ultra-slim 1000 mm profile with a durable aluminum and PC construction, it creates elegant ambient lighting while maintaining a clean, minimalist appearance suitable for residential, hospitality, retail, and commercial environments.

Powered by a high-efficiency USA CREE SMD LED system, the fixture delivers 24W of smooth, glare-free illumination in 3000K warm white, creating a comfortable and inviting atmosphere. Its precision high-temperature baked paint finish provides excellent corrosion resistance and a refined matte appearance. Designed for horizontal or vertical wall installation, it is ideal for feature walls, corridors, bedrooms, hotel lobbies, offices, and decorative architectural lighting.

Technical Specifications:

Parameter	Specification
Product Type	Linear Wall Light – Indirect
Power Consumption	24W
Input Voltage	AC 220–240V
LED Source	USA CREE SMD LED
Color Temperature	3000K Warm White
