

PRO. WALL WASHER LED FIXTURE - 20W

Drawing CODE: WW

Product CODE: ISH-WW20

Product description:

The Pro Wall Washer LED Fixture is a premium architectural recessed LED lighting solution designed to create smooth and precise wall-washing effects. Featuring a narrow 10° beam angle, it provides focused illumination for highlighting walls, textures, artwork, and architectural details in residential, retail, hospitality, and commercial interiors.

Powered by a high-performance USA CREE COB LED, the fixture delivers warm white 3000K illumination with excellent color rendering (CRI >90) for accurate color reproduction and enhanced visual comfort. Built with a pure aluminum frame with white powder coating, it ensures efficient heat dissipation and a clean architectural appearance.
