

ANTI GLARE USA CREE DOWNLIGHT

Drawing CODE: DL

Product CODE: ISH12CR75

Product description:

The LED Downlight Anti-Glare 12W is a premium architectural recessed LED downlight designed to deliver comfortable and high-performance illumination for modern interior spaces. Featuring an advanced anti-glare design, it reduces direct light discomfort while providing smooth and uniform lighting, making it ideal for residential, commercial, hospitality, and retail applications.

Powered by a high-quality USA CREE LED chip, the fixture delivers warm white 3000K illumination with excellent color rendering (CRI 90), ensuring accurate color reproduction and a natural visual experience. Designed with a Tornado Clip installation system, it provides secure and easy installation while maintaining a clean and elegant ceiling appearance.
